CEO's Greeting

Woolim
Precision
serving
Customers

Welcome, customers.
I sincerely thank and welcome you, customers who visit Woolim Precision, a manufacturer specializing in auto parts. Our company has produced auto parts since 1997, produced products for Hyundai, Kia, Daewoo, Samsung, Ssangyong Motors and exported them to Sanden and Valeo, France. It has continued making efforts through continuous management innovation, technology development, and quality innovation.
Having continued growing with superior technology and quality, Woolim Precision will not be satisfied with that, but will continuously secure international competitiveness through new technology and infinite creativity and do our best for customer satisfaction management and jumping as the 21st-century first-class auto parts manufacturer.
I would like you to look at our company that is growing up as New Woolim with warm eyes and to always give us unstinting guidance and encouragement.
Thank you.

CEO **Park, Gab-jong**
